Competition Manipulation

Remember the golden rules: Don't bet, don't fix, don't share inside information and always report.

The two most common reasons why competition manipulation takes place:

Monetary

When bets are placed on the game, the game is manipulated in order to fit the bet and generate money. *Officials are not allowed to bet on any Ice Hockey games!*

Sporting

The Athlete underperforms to face an easier opponent in the next round of the tournament or because nothing is at stake in the game. Every Athlete dressed for the game must perform with their full strength; a team is not allowed to lose on purpose!

- Approached by Medical Staff, Friends, Referees, Coaches, Strangers, ...
- Ask for information on team, injury, to lose on purpose. Never share inside information!
- Offered to resolve an issue, money, holiday, car, ...

Always have a clear head and think about your career as a IIHF Game official!
